WHERE WILL I STAY? WHAT DO YOU MEAN THERE ARE NO HOTELS?

There are no hotels on the mountain. However, as a popular vacation destination there plenty of vacation homes available for rent in the area that range from funky to fabulous. As family homes, the rentals often have 2-4 bedrooms, so grab a cousin, aunt, uncle or friend and share a great mountain house for the weekend. There are also several great campground and cabin rentals nearby.

MOUNTAINS? I DON'T DO MOUNTAINS!

If you prefer to stay in hotel in town, feel free. There are two nearby towns with hotels. Brevard hotels are about 20-30 minutes away and Hendersonville about 45-60. Just be mindful that the roads getting to town are dark and windy. Definitely not a fun place to be if you are going to be partaking in libations during your event. Staying beyond one of these towns is not advised because of the travel distance.

BREVARD

HENDERSONVILLE

Hendersonville is an awesome little town not too far. However, most of the hotels are on the far side of town and about an hour from Cedar Mountain. We don't advise you stay there, so we aren't listing hotels. If you are determined, you should have no problem finding something online.

PHONE AND INTERNET SERVICE

While we love it, some might call it remote. Cell service is pretty sparse on the mountain. Below are some locations you can get service.

- **Verizon:** Verizon service can come in and out. If you need to make a phone call, the Cedar Mountain Community Center, Rocky Hill Baptist Church and Deer Ridge Property Management have Verizon boosters that you can use from their parking lot.
- **Sprint:** Cedar Mountain Café has a Sprint booster. You can get service from inside the cafe, or the parking lot.
- **AT&T/T-Mobile/Cricket/etc.:** If you know someone in Conneestee, you're lucky! You can get AT&T service from the lookout – otherwise you have to get into town. For all others, you pretty much have to go into town.
- **WIFI:** The Cedar Mountain Community Center has public wifi that can be accessed from their parking lot. The café has wifi that can be accessed from the dining room.
